

DeepStream for Android 1.0 Release Notes

Date: May 31, 2016

Version: 1.0.0.73259

Package Contents

com.numecent.deepstreamplayer.apk

Version Compatibility

DeepStream for Android is supported on the 6.x platform.

Features

This release contains the following features:

Description	Ticket Number
<p>On-demand Paging</p> <p>Allows the user to virtualize apps on an as-needed basis onto their device. This allows the user to obtain apps using a smaller footprint than a standard installation.</p>	<p>DS-116, DS-509, DS-358</p>
<p>Virtualization of Android Apps</p> <p>DeepStream supports virtualization of apps on Android. Upon delivery, the user is able to run and interact with the apps as if they were installed.</p>	<p>DS-522</p>
<p>App Store Integration</p> <p>Allows integration with existing or custom app stores. The Player will display the selection of apps available to the user and allow them to manage their cloudpaged apps.</p>	<p>DS-372</p>
<p>Automated Packaging with Automated Prefetch Capture</p> <p>DeepStream packages apps without the need for user interaction. The Studio is also able to automatically capture prefetch of the app's first run.</p>	<p>DS-629, DS-248, DS-16, DS-28, DS-524, DS-632</p>
<p>Metered Usage Tracking</p> <p>Usage for the application is tracked without the enforcement of seats. This allows flexibility in app delivery.</p>	<p>DS-5</p>

Known Issues

Description	Ticket Number
Cache fails to shrink when removing a virtual app in the middle of prefetch	DS-856
Limited disk space savings for apps by Gameloft due to OBB exclusion from virtual app	DS-597
Apps that use professional obfuscator software cannot be cloudified	DS-679
Invalid license error upon launching some virtual apps	DS-829
App fails to virtualize on the device with the message "ATTENTION: The Request URL failed to return a token for package: [name]"	DS-751
Some virtual apps may stop working upon launching	DS-804
Application Not Responding message when running some virtual apps	DS-876
Bike Rivals app exhibits sluggish behavior when virtual	DS-769
